## CashFlow 7000

### Description

---

The MEI® CF 7000 has been the reliable choice in over 1.5 million operator installations since its release. The industry's first coin manager goes beyond merely accepting and dispensing coins, it helps operators make smarter decisions.

The MEI CashFlow® 7000 provides a low cost of ownership to operators. It is a low maintenance device that's built to last and perform. Features like unique tracking and diagnostic capabilities give operators the tools and business information they need to better manage their cash and increase profits.

COIN CHANGER

## Benefits

---

**Intuitive cash management system.** Optimize payments by giving change while knowing what cash is on hand

**Better understand audit data.** High-level view from the Smart Menu on your coin changer and bill validator

**Simplify training.** Educate your team with an instinctual Smart Menu—available in 11 languages

**Management made easy.** Self-Diagnostics and troubleshooting tips are clearly seen on the LED display

**Modular Design.** Allow drivers to change out tubes in field or clear debris on-site without tools

# Specifications

---
