## ENOR6 Loading Station

### Description

The ENOR6 Loading Station makes adding value to RFID media easy and secure. Compatible for standalone operations or networked solutions, the ENOR6 supports all MIFARE® media. The ENOR6 Loading Station accepts all notes and coins, as well as revalue receipts.

Gain customer insights with detailed user transaction metrics and printable statistics. Increase customer loyalty with electronic token generation and periodic contribution to incentivize and reward.

ENOR6 is secure too. The loading station is built using strong steel housing and a three-point lock that mounts on the wall. The ENOR6 Loading Station is safe and easy to use for you and your customers.

## Benefits

---

**Management made simple.** Auto-configuration of RFID media to easily manage your field base

**Daily updates of your sales data.** Better monitor your sales with up-to-date transaction statistics

**Create loyal customers.** Incentivize and reward consumers with loyalty programs

**On-demand diagnostics.** Status messages to immediately diagnose issues and optimize operational efficiency
